Notice of Demolition – Green Township and City of Cincinnati *Phase 3 of demolitions along Muddy Creek Road*

CINCINNATI – The Metropolitan Sewer District of Greater Cincinnati (MSD) plans to demolish nine residential homes along Muddy Creek Road between Glenway Avenue and Westbourne Drive starting in mid-July. The work should be completed by Fall 2023, pending weather and field conditions.

This is the third round of demolitions along Muddy Creek Road.

MSD was awarded a grant from the Federal Emergency Management Agency (FEMA) and the Ohio EMA to purchase and demolish properties prone to flooding and sewer backups along Muddy Creek Road. To date, MSD has acquired 22 properties and demolished 13. The properties were voluntarily sold to MSD and will be returned to natural floodplain.

Please see the enclosed map.

MSD's demolition contractor is Green City Demo. The contractor will generally be working between 7:30 a.m. and 4:30 p.m. Monday through Friday. Some weekend work may be needed.

Typical construction-related disturbances such as noise, dirt, and vibrations should be expected. Inconveniences to your daily activities will be minimized to the greatest extent possible. MSD's construction management team will monitor the progress and quality of the work and will require the contractor to maintain an orderly work site. Your access to water and other utilities should be maintained throughout the construction period. If a planned interruption of utility service is necessary, you will receive notification prior to the interruption.

For additional information about this MSD project, please contact MSD Customer Service at (513) 244-1300 or MSD.Communications@cincinnati-oh.gov, or visit the project webpage at msdgc.org/MuddyCreekFEMA.
