Notice of Construction for Green Township Traffic Alert for Taylor Road

CINCINNATI – The Metropolitan Sewer District of Greater Cincinnati (MSD) will begin constructing a local sanitary sewer and lateral sewers along Taylor Road and Springoak Drive in Green Township in early September. The project is scheduled to be completed by summer 2025, pending weather and field conditions.

Please see the attached project map.

Taylor Road will be closed to thru traffic between Rybolt and Bridgetown roads starting around September 9 for approximately 60 days. Access for local traffic will be maintained throughout the project, but there could be delays.

MSD's contractor, Smith & Brown Contractors, will generally be working from 8:00 a.m. to 5:00 p.m. Monday through Friday. Some weekend work may be needed. Smith & Brown will be installing about 1,300 feet of new sewer line and 18 lateral sewers. The new sewers will bring public sewer service to 18 homes along Taylor Road and Springoak Drive.

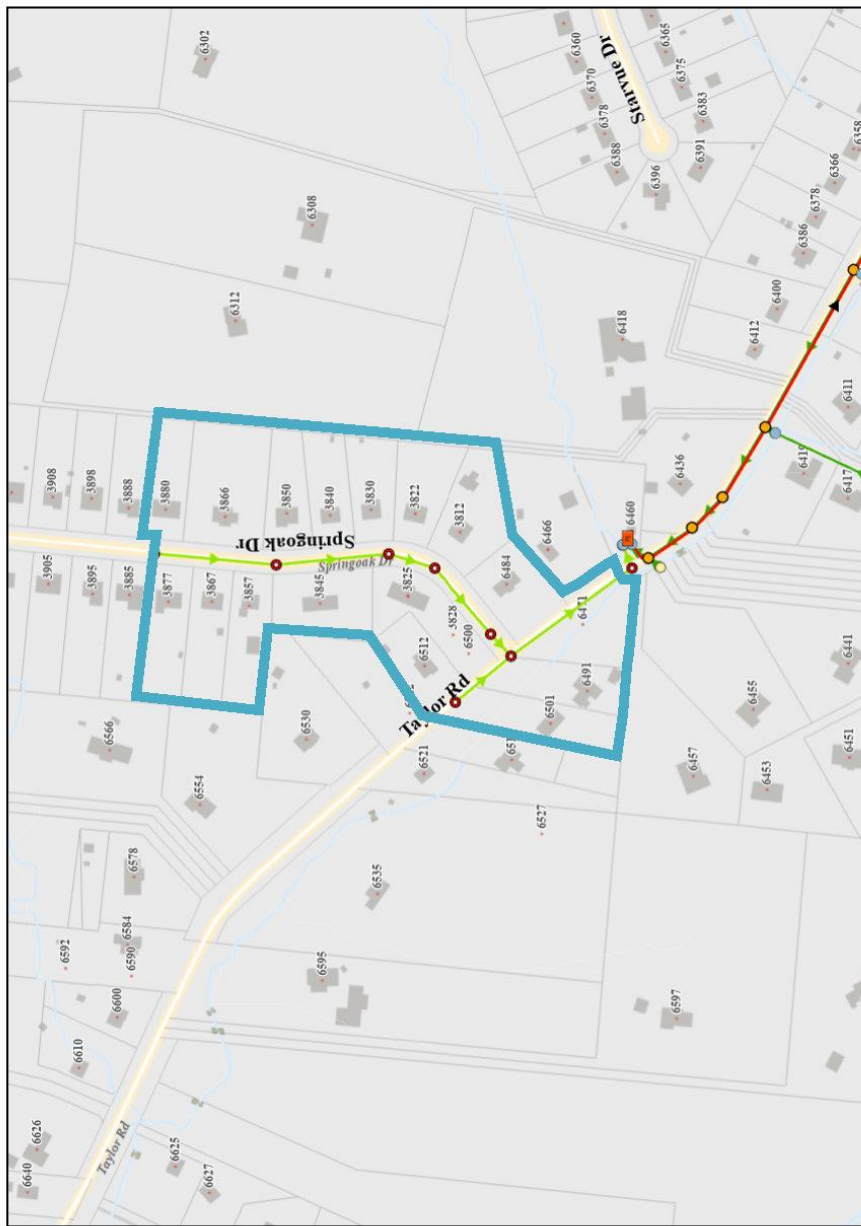

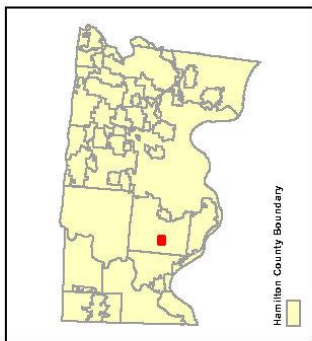

Typical construction-related disturbances such as noise, dirt, and vibrations should be expected during this project. If a planned interruption of utility service is necessary, you will receive notification prior to the interruption.

For additional information about the MSD project, please contact MSD Customer Service at (513) 244-1300 (option 5) or MSD.Communications@cincinnati-oh.gov.
